REGISTRATION ON THE CENTRAL SUPPLIERS DATABASE

The CSD is a single source of all supplier information for all spheres of government. The purpose of centralizing government’s supplier database is to reduce duplication of effort and cost for both supplier and government while enabling electronic procurement processes.

Prospective suppliers are now able to self-register on the CSD website www.csd.gov.za. The CSD interfaces to South African Revenue Service (SARS) to enable tax clearance certificate verification and the Companies and Intellectual Property Commission (CIPC) for verification of business registration and business ownership information. The CSD furthermore verifies supplier information with the register for tender defaulters and database of restricted suppliers, and verifies South African identification numbers with the Department of Home Affairs (DHA).

Effective 1 April 2016 all spheres of government will only be allowed to do business with suppliers that are registered on the CSD.

What will be required for suppliers to register?
All suppliers will be required to complete required information on the CSD website and must ensure it is complete, accurate and comprehensive. The following would be amongst the required information:

- Supplier information i.e. supplier type, identification number, supplier name, trading name and country of origin;
- Supplier contact i.e. preferred contact person, preferred communication method, email address, cell phone number, telephone number, etc.;
- Supplier address i.e. country, province, municipality, city, suburb, ward and postal code;
- Bank account information;
- Supplier tax information;
- Ownership information, i.e. name and identification number of directors, members etc.;
- Association to any other suppliers i.e. branch, consortium member etc.;
- Commodities the supplier can supply;
- Notification preference; and
- Accreditation (if relevant).

A valid email address, identity number, cell phone number and bank account details are mandatory in order to register on the CSD. Apart from the above, it is foreseen that B-BBEE information will be included in the CSD from 1 April 2016.

SCOPE OF WORKS

1. INVITATION

Suitable qualified and experienced service providers are hereby invited to submit bid proposals for the provision of gate management and operation solution for a period of five (5) years, in four (4) of Ezemvelo KZN Wildlife parks, namely Hluhluwe –iMfolozi; Royal Natal and Midmar and one (1) gate at Sodwana Bay camp, within iSimangaliso Wetlands Park.

2. BACKGROUND TO THE PROJECT

Hluhluwe iMfolozi Park

One of the largest game parks in South Africa, the Hluhluwe-iMfolozi Park is renowned for its wide variety of birds and animal life. Besides the ‘big five’, cheetah, wild dogs and many other well-known bushveld species inhabit the park, offering visitors a rich game viewing experience. The park covers 96 000 hectares and comprises two reserves: Hluhluwe and iMfolozi- two of Africa’s oldest game reserves, both founded in 1895- and the linking Corridor Section proclaimed in 1989.

If travelling from the north, recommended entry into the park is through the Memorial Gate off the N2 at Hluhluwe Village. If approaching from the south, access is through the Nyalazi Gate off the N2 onto the Hlabisa / Nongoma road (R618) opposite Mtubatuba. A third gate in the West is in the process of being redeveloped and is likely to become fully operational within the next few months

Royal Natal Park

Royal National Park was proclaimed in 1916 and contains some of the most spectacular mountain scenery in Africa. It forms part of the Maloti- Drakensburg Park, South Africa’s first Cultural and Natural World Heritage Site. Royal Natal National Park offers some of the most splendid mountain scenery in Africa. The main feature is the world famous Amphitheatre, a rock wall approximately five km in length, and 500m high. Above the Amphitheatre is the Mount-aux-Sources peak where, as its name implies, the Orange River starts its long journey to the Atlantic Ocean. The Thugela River cascades down the face of the Amphitheatre, in one of the highest waterfalls in the world, on its way to the Indian Ocean. The resort restle below colourful sandstone cliffs, close to forests or rare yellowwood trees and stretches of protea savannah.
Midmar

Midmar resort is situated on the shores of the Midmar dam, with the Midmar Nature Reserve. The resort is within easy reach of most KZN attractions, such as the popular Midland Meander. Its large expanse fresh water, extensive meandering shore line, open grasslands, outdoors action and recreation facilities makes it the perfect “one size fits all” family destination. It is fit for relaxing, sunbathing, bird watching, game viewing, swimming, mountain biking, canoeing, off-road running, yachting, water sports and a whole host of other water and land based activities that will please the whole family. Many high profile sporting events take place at Midmar, with the international famous Midmar Mile being the biggest of its kind in the world.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

This Standard Bidding Document (SBD) must form part of all bids¹ invited.

Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:

a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution’s supply chain management system and or committed fraud or any other improper conduct in relation to such system.

b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
